

## Hosting, Maintenance and Modification of the MSRC Website Q & A

1. Are you considering large host companies like GoDaddy or Dreamhost?
  - If they are going to submit a response they can, but we are not asking for a specific quote.
2. We can see current website is hosted on Rackspace, what is the budget allocated for hosting per month?
  - A little over \$400 a month
3. Are there any specific constraints regarding the current hosting environment?
  - Currently the site is hosted on a dedicated server that can be expanded or cloned to handle higher traffic volume or file size.
4. Do know what platform the website is currently running on?
  - Drupal
5. Is there an incumbent? Will they be bidding?
  - Yes, there is an incumbent. They have not indicated whether they will be bidding.
